VISHAKHA PADOLE

Summary

Aspiring to be a software engineer with a groundwork in web development, currently skilled in HTML, CSS, and JavaScript. As a second-year Computer Science student at S.B. Jain Institute of Technology Management & Research, I am expanding my expertise by learning the MERN stack and furthering my understanding of the Software Development Life Cycle (SDLC). I have a basic knowledge of programming languages such as Python and Java, and I am eager to apply my skills and learn in a practical environment. I am looking for an internship that will enhance my technical abilities, provide hands-on experience, and allow me to contribute effectively to a dynamic development team.

Skill Highlights

- Problem Solving
- Web Development
- Adaptability and Teamwork
- Basic Programming Knowledge

Project

Personal Portfolio
- Crafted dynamic web projects using HTML/CSS.
- Leveraged responsive design for user-friendly interfaces.
- Applied problem-solving skills for seamless development.
- Demonstrated adaptability in overcoming challenges.
